## Summary

I have lived my life as the hired gun as I leverage my professional life. "A person never waits for their opportunities, they make them." I live by this thought process. Locus of control is what you make it. Control what you can to better yourself and move forward. Attack with all your heart. Be your Hall of Fame.

IFL Quad City Steamwheelers Staff Coach Michael Marlier resides in Illinois City, Illinois. Michael started his pro football career in the IFL league in indoor football during the 2019 season with the Quad City Steamwheelers in Moline, Illinois as an intern football scout. Michael is in his second IFL season. He has supported the Quad City Steamwheelers since their inception in AF2 in the community and in the CIF in support of charity at the club jersey action. He volunteers his time in team pro scouting, national prospect recruitment and player relations in the community for the Quad City Steamwheelers. Michael was also hired and involved in Assumption HS Varsity Football in Davenport, Iowa in press box videography in 2019 to present.

Michael is an alumni and graduate of Sports Management Worldwide possessing industry certificates in Athlete Management, Salary Capology Analytics/Player Contracts, Coaching/Sports Psychology, Football General Management/Scouting and Ourlads National Football League LLC Scouting Services Pro Football Apprenticeship. He attends the annual SMWW Career Conference to network with NFL club personnel and the NFL Combine in Indianapolis, Indiana annually to continue his industry development.

His love of football and the NFL began in 1975 when he first saw his first game of Tom Landry and Roger Staubach of the Dallas Cowboys play George Allen and Joe Theismann of the Washington

Who am I as a coach? Winning is about team accountability to the whole rather than the sum, the culmination of proper player attitudes to seek collective greatness, the application of honing skills in proper work ethic to be the best in your sport whether you are a player or coach, an open and effective communication between players and coaching staffs where goals are achieved collectively in a team environment by brainstorming to succeed as one in a brotherhood of people fighting for one another to be great as one.

Worked varied hours unpaid in the off-season to gain knowledge and skills in player personnel , player engagement and scouting. Made off-season recommendations to my HC and the Player Personnel Director for the 2020 season. Mentored and assisted players that became free agents after the season in transition by providing recommendations and networking with professional's in pro football in the 2019 offseason on Linked-in.

Gained pro football player recruiting experience in the 2019 offseason. Interviewed players, agents and college coaches to report my findings to the Player Personnel Director and HC via scouting report. Referred prospective free agents to Player Personnel Director and my HC to build 2020 roster as a Scout/Coach. In the 2019 offseason, designed a comprehensive team IFL Scouting and Player Performance Evaluation System to present to my HC for consideration. Assisted in screening free agents in 2019 offseason. Developed a prospective IFL Free Agent Player Scouting Report Screening System to

Player Personnel Director and my HC. Gained team combine experience in scouting free agents running the 40 yard dash and gauntlet drills during 2020 tryouts.

Devised team player cooperative work programs to support player financial needs. Studied IFL league rules. Promoted visionary ideas to better the IFL league player recruiting process on a macro level to my HC and Ownership to consider for annual league meeting voting by team ownership.

#### IFL Intern/Professional Football Advance Scout

Gained experience utilizing Vidswap. Volunteered 40 hours a week unpaid during the regular season. Invested money and employed Offensive/Defensive players at MME QCA in residential and business work programs during the IFL season. Made team motivational speeches to the players. Made public appearances with players and ownership at schools/fan meet and greets to promote team image in the community. Gained experience in timing players in combine tryouts and assessments in the gauntlet drill. Assisted and evaluated players in camp to set the season roster. Performed advance scouting and wrote weekly reports to submit to my HC, DC the coaching staff and players in game planning. Helped organize and monitored flow chart for practices. Monitored player curfew during away games. Warmed up players in pre-game. Filmed Box play at Home games. Performed in-game scouting of DL/OL play for adjustments. Communicated with IFL officials and IFL Coaching Staff's during pregame as assigned by my HC. Presented Quality Control ideas to address team concerns. Broke down film and statistically analyzed game data and presented my review to my HC. Rewarded players and their units for superior play. Made off-season recommendations to my HC and the Player Personnel Director for the 2020 season. Mentored and assisted players that became free agents after the season in transition by providing recommendations and networking with professional's in pro football. Gained pro player recruiting experience. Referred prospective free agents to Player Personnel Director and my HC to build 2020 roster as a Scout/Coach in building a pro football roster. In the 2019 offseason, designed an IFL Scouting and player performance evaluation system to present to my HC for consideration. ## SMWW Ourlads Football Apprenticeship Program

Ourlads NFL Pro Football College Scouting Apprentice Program Graduate

October 2019 - January 2020 (4 months)

United States

A four month training and pro scouting unpaid program from October 8th, 2019 to January 21st, 2020 breaking down college coaching film, scouting current college players and working with experienced NFL Scouts in college settings. Currently Scouting players from the Big Ten, Big 12, SEC and ACC. Directed by former NFL Philadelphia Eagles/Washington Redskins/KansasCity Chiefs/USFL/Ourlads President/Pro Football Scout/East West Shrine Bowl Director Dan Shonka as my mentor.

A current player talent evaluator and coaching/scouting assistant in the IFL. As a Scout/Coach in building a pro football roster, I believe in not only assessing talent on the field but stringent off field screening to get players that fit the scheme and are a good cultural fit and to minimize unwanted off the field behavior. On the field and off the field distractions kill building a championship team.

If you are a player that wants to play for our IFL team, these are questions that I will ask you to answer in writing before referring you to my HC and my Director of Player Personnel. Professionalism and credibility are important to me.

1. Why is the player wanting to play for our team?
2. What do they want to accomplish individually in their football career and collectively in helping their teammates while with our team?
3. What do they see their legacy being when they leave our team?

4. I believe in measuring self awareness. What does the player see as his strength/s mentally and physically?
5. What does the player see as their weakness/s? What plan of action are they going to take correct their weakness/s (mentally and physically) to better themselves to accountable to themselves and the team.
